

KANSAN FIGHTS; POLICE SEARCH

Officer Ginnane Forced to Floor
John Donnelly Who Becomes
Unruly.

"BUD" LITTLE IS IN AGAIN

Colored Man Who Has Been Giving
Police Lots of Trouble Gets 20
Days in County Jail.

John Donnelly, a Kansan of gigantic build, fined \$1 and costs this morning at 9 o'clock in police court by Police Judge C. J. Smith, walked into police headquarters, intoxicated, an hour later. When Officer Ginnane attempted a search preparatory to lodging him in a cell, Donnelly put up a fight and Ginnane "floored" him with several left rights. Donnelly bears a record for arrests and city jail confinements. Friday he was released after serving 60 days. Both Saturday and Sunday he was arrested and placed in jail. Yesterday he was unable to pay a fine for disorderly conduct and was remanded to a cell. Released last night at 5 o'clock that he might catch a draft sent him by his sister in Kansas, Donnelly was soon drunk and arrested to appear this morning for a fine.

Donnelly's brother-in-law is said to be influential in banking circles of the state of Kansas. "I don't know what to do with Donnelly," said Judge Smith this morning when Donnelly reappeared at the police station intoxicated after having been released only an hour. Donnelly had to be dragged into a police station cell, so resistive was he to his keeper.

Negro Undesirable.

"Bud" Little, colored, was arraigned before Police Judge C. J. Smith this morning charged with assault and battery. His previous offense, as it stood, assault with a deadly weapon, was modified on the recommendation of C. A. Edwards, assistant state's attorney, who appeared in police court. Little, it is said, has been living with a negro, who has been keeping him. Recently they put on a riot at her home, and Little overturned a lamp, the negro being burned. Little was unable to pay the court's assessment and went to jail for 20 days.

AT THE Y. M. C. A.

The second number of the boys' entertainment course at the Y. M. C. A. which was given last night was a most gratifying success.

J. H. Hanberg gave his lecture on the Indian history connected with Rock Island county, showing his fine collection of stereoscopic views to illustrate his remarks. Nearly a hundred pictures were shown and many facts of history entirely unfamiliar to the audience were brought out. The lecture was enjoyed, not only by the boys, but also by the older folks who were present.

Preceding the lecture, the West End drum and pipe corps entertained with music and marching in a manner which produced many comments on their ability as producers of martial music.

Another pleasant evening is promised for next Monday, when the Silver Fox patrol of Boy Scouts will put on a dramatic entertainment which is likely to win them a tremendous reputation.

TAKE THIS MAN'S ADVICE

Try the Great Kidney Remedy

It always gives me pleasure to recommend anything that is right and so I feel it my duty to herald the praises of Dr. Kilmer's Swamp-Root.

For years I was troubled with kidney disease and it was so intense that I was bedridden for days at a time. I gave up all hope and doctors for miles around gave me no help. Incidentally I tried several patent remedies and at last I tried Swamp-Root. From the first it gave me relief and it was no time before I was able to be up and around and now I am perfectly well and able to work as I used to before my terrible sickness.

So now let me thank you for your wonderful discovery and take this opportunity to recommend it to all who suffer from kidney troubles.

Yours very truly,

WALTER SHIVER,

Hope, Ark.

Subscribed and sworn to before me,

this 24th day of March, 1912.

ration as actors. They have chosen as the vehicle in which they will appear an intensely dramatic selection entitled "The Love of Lorenzo."

Much interest is being manifested in the lectures to be given at the Y. M. C. A. Saturday and Sunday by Dr. Stanley L. Krebs, who is recognized as one of the leading psychologists in America, and whose work has been enthusiastically received wherever he has lectured.

At Bloomington, Ill., Dr. Krebs has lectured more than thirty times, and he has made almost as good a record in other cities. It is more than likely that he will be called upon to return to Rock Island if his work here this time makes such an impression as is usual with him.

THE RIGHT KIND OF A "TITWAD"

The Bill Fold Given Free With PIPER
Heidsieck Chewing Tobacco.

A titwad may be the sort of thing you wouldn't like to have around you; but a "Titwad"—spelling it trade-mark fashion—is a mighty helpful friend. This new kind of Titwad is a genuine leather bill fold, with a clasp to secure your money from slipping out. It is the easier, neater improvement on the old time wallet or pocketbook; and not only the men, but the women as well, are preferring this new handy purse to the more bulky oldtime affairs.

The American Tobacco company has decided to give away these Titwad bill folds a few days with every 10-cent cut of PIPER Heidsieck Chewing Tobacco.

The rich, wine-like flavor—trade-marked "Champagne Flavor"—that distinguishes PIPER Heidsieck from all other chews, never fails to make a friend, because it fully satisfies the taste. This solid satisfaction in every chew has given PIPER Heidsieck more friends today than any other high-grade chewing tobacco in the world. (Adv.)

Estelle G. Burris Dies.

Miss Estelle G. Burris, colored, died at 12:45 this morning at her home, 514 Eighth street, after a week's illness with grip. She was 19 years of age, being born in Rock Island March 12, 1893. She has lived in this city all of her life, receiving her education in the public schools here and had lately been employed as nurse.

Those left to mourn her passing are her mother, Mrs. Agnes Burris, two sisters, Mrs. Agnes Pennington and Miss Lillian, three brothers, James, Richard and Roy.

Loss of Appetite.

Is the final signal of disorder and decay. The usual loss of appetite is often caused by functional disturbances in the stomach. The stomach fails to do the work required, the appetite is gone, and the body suffers from lack of nourishment. Such a stomach needs to be cleaned and sweetened. Meritol Tonic Digestive is made especially to assist the stomach to digest food, and promote a healthy appetite. This remedy is sold on our positive guarantee, and we ask you to give it a trial. It is a genuine tonic. H. O. Rolfs, Rock Island, Ill., exclusive agent. (Adv.)

FORMULATE PLANS FOR LABOR MEET

Committees Appointed to Arrange for Iowa Federation
Session in Davenport.

FOR COOPERATIVE STORE

Those Securing Data on Proposition
Will Submit Report—Street Car
Argument Continues.

Plans for the entertainment of the Iowa State Federation of Labor convention to be held in Davenport the week of June 9, were discussed at a meeting held last evening at the St. James hotel by a committee on arrangements appointed by the Tri-City Federation of Labor.

The St. James hotel will be used as headquarters for the convention. The souvenir badges to be worn by the delegates will be made of oxidized silver, with the seal of the state of Iowa, and a picture of the government bridge at Davenport. The delegates will be given a trolley ride through the three cities and a steamboat excursion down the river. Arrangements have also been made to entertain the ladies.

The arrangement committee is composed of R. A. Evans, chairman; J. E. Shank, vice chairman; L. M. Gansworth, secretary, treasurer and publicity manager; A. N. Coleman, J. W. Fuller, Harry Fendt, Oscar Carstenson, W. S. Miller, J. A. Kern, B. A. Drescher. The finance committee is composed of Oscar Carstenson, W. S. Miller and D. A. Kern.

Car Matter Up Again.

The regular semi-monthly meeting of the Tri-City Federation of Labor will be held at the Industrial hall, Thursday evening. The committee that is looking up data on the co-operative store company proposition will make a report at this meeting. So far the committee has made good headway. Printed matter and applications have been forwarded to the different unions.

The question of street cars going back to the old rule and stopping on the far side of the street will be discussed again, and some warm arguments are expected on this question.

RIVAL COMPANIES WILL HAVE DRILL

Rock Island and Moline Militia
Men to Compete—Losers to
Furnish Supper.

Company A of Rock Island and Company F of Moline will engage in a competitive drill tonight at the Armory hall in Moline. The loser in the match is to pay for a supper, the date to be decided on later. The captain of Company F issued the challenge and Captain Dunavin of the local company accepted and the locals have been holding practice drills for the past week in preparation for the event. The result of the match will be awaited with interest. Both companies received an excellent rating in the bulletin issued from the head office at Springfield recently.

HENRY GAETHJE IS IMPROVING RAPIDLY

Henry Gaethje, well known South Rock Island florist, who was severely beaten by two thugs Thursday night at his home, is improving rapidly and will probably be up and around again in a few days. His throat is much better, and he is now able to breathe freely. No trace or clue of the assailants has yet been found and their identity remains a mystery.

The Skin and Not the Blood.

Until recently it has been a generally accepted theory that eczema was a disease of the blood. Scientific investigations have taught us that eczema is positively a skin disease and curable through the skin alone. Meritol Eczema Remedy is applied directly to the diseased skin. Do not delay trying Meritol Eczema Remedy. H. O. Rolfs, Rock Island, Ill., exclusive agent. (Adv.)

Your Dad—Your Grand-Dad
—Your Great Grand-Dad
—All Used May-Apple
Root.

Our hardy ancestors didn't know or want mollycoddle remedies for bilious conditions. They didn't want to be always taking something. They took this vegetable calomel as soon as they noticed the coating on the tongue, the dizziness, the aching feeling, the blood waves, the full feeling, and released the bile. They took the May-Apple Root in some form, and while it gripped and sickened, they took it because it did deliver the bile.

PODOLAX RELEASES THE BILE. Your ancestors knew that it was necessary to start this bile, and didn't temporize. They took May-Apple Root in some form, and while it gripped and sickened, they took it because it did deliver the bile. In Podolax you have the same thing, but without the gripe and nausea. It acts so quietly that you are never disturbed in your daily vocations. You or your children should take a spoonful at bedtime as soon as you notice the bad taste—the bad breath—the coated tongue. Do so and you are free of it the next day. To have it in the house means to take it early and be relieved quickly—so by all means get a bottle at the first drug store and take a little in time. If we could only prove to you that Podolax is not a purging cathartic—not a mollycoddle laxative—but a gentle loosening of the bile from the liver, you would require no urging, but would provide a family bottle for regular use. A trial is the only proof.
